Administration leaders said the large vote that supported the Underwood motion and the hearty approval that greeted Secretary Bryan's indorsement of the bill assured the approval of the complete Glass bill with but slight change. The amendment over which the fight waged throughout the day had been offered by Representative Neeley of Kansas, one of the so-called "insurgent" members of the banking and currency committee. Mulhall Reiterates Charges Against Representative McDermott of Illinois.

Dermott of Illinois had "tipped him the prospects of pro-labor legislation which the National Association of Manufacturers desired to fight, Colonel Mulhall, former lobbyist for the association, again took the stand before the house lobby investigating committee Friday. Mulhall said that he remembered specifically that in 1910 McDermott had sent him word to be on the lookout for an eight-hour law amendment to the sundry civil bill. I. N. McMichael, he said, was the bearer of the McDermott warning.

Mulhali's testimony was brief and he was asked to step aside that the committee might hear Henry E. Prof. Fred Mutchler Engaged for the Promotion of Agricultural Improvement.

Western Newspaper Union News Service. Frankfort.-The announcement was made from State university at Lexington that Prof. Fred Mutchler, who has been engaged in the promotion of agricultural improvement in Western Kentucky, under the direction of the Western Kentucky Normal school, has been selected by the United States department of agriculture to take charge of similar work for the entire state, with headquarters in this city. The department of agriculture, through the extension bureau, in charge of Dr. Bradford Knapp, has apportioned \$20,000 a year for Kentucky to be used in the extension and demonstration

The appropriation is to be expended under the direction of a board of trustees composed of Dr. Knapp, president; H. H. Cherry, of Western Kentucky State Normal school; President J. C. Crabbe, of Eastern Kentucky State Normal school; J. W. Newman, state commissioner of agriculture, and President H. S. Barker, of State university. Fred Mutchler is expected to encourage better farming in every county of the state by applying the means most available for each county either by the establishment of local demonstration farms by carrying on demonstrations on the farmer's own land, and with his co-operation, by further enlisting the interest and cooperation of farmer boys in seed testing, dairy testing and similar means by sending skilled and enthusiastic men to various sections to direct work on the farms. Plans have already been made for work to begin in nine counties, Woodford, Muhlenburg, Mason, Hopkins, Jefferson, Christian, Madison, Henderson and Washington.

Gov. McCreary Will Speak. Under the urgent request of Mc-Kenzie Todd, secretary of the Perry Centennial Commission, Gov. Mc-Creary has consented to speak at the banquet at the Breakers' Hotel, Putin Bay, Ohio, September 11, on "Kentucky in the War of 1812." Gov. Mc-Creary was on the verge of declining the invitation, as he said circumstances made it such that it would not suit him to be out of the state at that time; but Mr. Todd said eight governors would be there, and as Kentucky had more soldiers engaged in the campaign around Lake Erle and in the Battle of the Thames than any other state, he would not take no for an answer. Gov. McCreary capitulated. The governor was compelled to decline an invitation to attend the conference of Governors at Colorado Springs on account of a previous engagement to make an address at Richmond on that date on the occasion of the centennial celebration of Richmond Lodge No. 25, Free and Accepted
